

New patented ingredient for **DENTAL CARE**

Dual antibacterial action for:

- ◆ Total bacterial count decrease
- ◆ Anti adhesion on tooth enamel

In vitro / in vivo proven action
on bacteria responsible for:

- ◆ Dental plaque
- ◆ Tooth decay
- ◆ Cavities
- ◆ Gingivitis
- ◆ Bad breath

~~MUTANS
STREPTOCOCCI
PORPHYROMONAS
GINGIVALIS
FUROBACTERIUM
NUCLEATUM~~

Main characteristics

- ♦ 100 % natural
- ♦ Low acidity
- ♦ Sugar free
- ♦ Vegetarian
- ♦ Food grade process
- ♦ Water - water ethanol extraction

- ♦ Chewing gums
- ♦ Sweets

- ♦ Food
- ♦ Beverages

Formulation information

- ♦ Soluble or partially soluble
- ♦ Slight cranberry taste
- ♦ Natural red colour
- ♦ Fine grinding or slightly granulated
- ♦ Excellent stability

- ♦ Tooth paste
- ♦ Mouth wash
- ♦ Dental films
