

# ExoCyan Cran

Cranberry Extracts Rich In PAC A

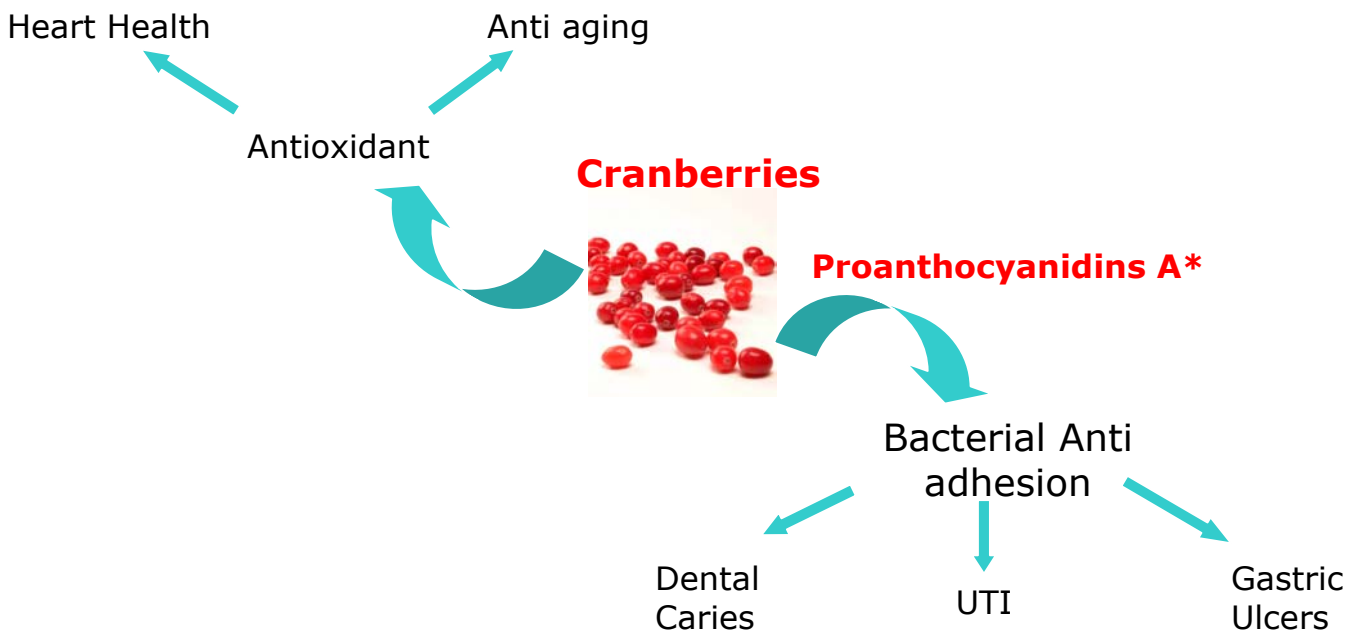

**Full spectrum polyphenols extract**  
**100% N. American Cranberry (*Vaccinium macrocarpon*) raw materials**  
**Standardized Proanthocyanidin A\* available in concentrations 1-30%**

**Juice Derived**  
**Exocyan Cran Grades**

ExoCyan Cran S  
ExoCyan Cran 5S  
ExoCyan Cran 10S  
ExoCyan Cran 20S

**Whole Berry Derived**  
**Exocyan Cran Grades**

ExoCyan Cran 5G  
ExoCyan Cran 10G  
ExoCyan Cran 20G  
ExoCyan Cran 30G

\*Proanthocyanidins A (PACs A) are specific polyphenols found in North American Cranberries that have been shown to inhibit the fimbrial adhesion of bacteria including *Escherichia coli* to the urinary tract epithelium. In 2004 the French Food Safety Agency (AFSSA) allowed for the first health claim involving urinary tract infections when a food ingredient contains at least 36mg of PAC A.
