RE: Glycerin

June 23, 2008

To whom it may concern,

I am the rabbi of the Young Israel of East Brunswick.

I hereby certify that Lot #1152 of Glycerin was manufactured by Acidchem under "Circle K" supervision, was transported by tanker trucks to Jarchem under Kosher supervision, and was transferred to Kosher barrels by Jarchem using a Kosher transfer system. The product is certified as kosher for year round and Passover use.

Sincerely yours,

Rabbi Yaakov Wasser
