

AIC offers a wide range of ACS grade Acetates, Sulfates, Carbonates, Nitrates, Chlorides, and Thiocyanates. Our ACS grade products are available in various package sizes and custom manufacturing of ACS Reagents is also available.

	Aluminum Nitrate	Nickel Nitrate
	Aluminum Sulfate	Nickel Sulfate
	Ammonium Acetate	Oxalic Acid
	Ammonium Molybdate	Phenol, Loose Crystals
	Ammonium Oxalate	Phenolphthalein
	Ammonium Sulfate	Phosphomolybdic Acid
	Barium Carbonate	Phosphorous Pentoxide
	Cadmium Sulfate	Phosphotungstic Acid Reagent
	Calcium Acetate	Potassium Acetate
I	Calcium Nitrate	Potassium Carbonate
	Cobalt Chloride	Potassium Chloride
	Cobalt Sulfate	Potassium Fluoride
S	Chromium Chloride	Potassium Iodate
	Chromium Trioxide	Potassium Iodide
O	Cupric Acetate	Potassium Nitrate
	Cupric Carbonate	Potassium Oxalate
	Cupric Chloride	Potassium Permanganate
	Cupric Nitrate	Potassium Phosphate, Mono, Di-basic
C	Cupric Oxide	Potassium Sodium Tartrate
	Cupric Sulfate	Potassium Sulfate
	Cuprous Chloride	Potassium Thiocyanate
E	EDTA	Silicomolybdic Acid
	Ferric Ammonium Sulfate	Silicotungstic Acid
R	Ferric Chloride	Sodium Acetate, Anhydrous
	Ferric Nitrate	Sodium Acetate, Trihydrate
	Ferric Sulfate	Sodium Bromide
T	Ferrous Ammonium Sulfate	Sodium Carbonate
	Ferrous Chloride	Sodium Chloride
I	Ferrous Sulfate, Heptahydrate	Sodium Molybdate
	Lithium Nitrate	Sodium Nitrate
F	Magnesium Acetate	Sodium Oxalate
	Magnesium Chloride	Sodium Phosphate-Mono-, Di-, Tri-basic
	Magnesium Chloride Hexahydrate	Sodium Sulfate, Anhydrous
I	Magnesium Oxide	Sodium Sulfide
	Magnesium Sulfate, Anhydrous	Sodium Sulfite
E	Manganese Carbonate	Sulfanilic Acid
	Manganese Chloride	Sodium Thiocyanate
	Manganese Sulfate	5-Sulfosalicylic Acid
D	Molybdenum Trioxide	Tartaric Acid
	Molybdic Acid	Thiosalicylic Acid
	Nickel Chloride	Urea
		Zinc Acetate
		Zinc Chloride
		Zinc Sulfate
