Specification Sheet

ORGANIC OLIVE OIL (Olifeel® Organic Oil)

Code No.	SCN No.	CAS No.	Effective Date	Product Manager	Rev. No.	Approved By
OOOBIL	3380	8001-25-0	January 9, 2012	SJW	Original	MPR

EINECS No.: 232-277-0

INCI Name: Olea Europaea (Olive) Fruit Oil

CHARACTERISTICS: Bright yellow oily liquid with light olive odor.

SPECIFICATIONS:	Acid number	2 mg KOH/g max
	Peroxide number	10 meq O ₂ /kg max
	Specific gravity (25°C)	0.910-0.920 g/cm ³
	Unsaponifiables	Less than or equal to 3%

PACKAGING: 25 kg. drums

APPLICATIONS: Olifeel® Organic Oil has excellent emollient, lenitive, protective, soothing and nourishing effects on the skin. Ideal for use in skin care, hair care, cuticle care, shaving creams, eye makeup removers, soaps, massage and bath oil products.

SHELF LIFE AND STORAGE INSTRUCTIONS: Store at temperature (15-18°C) in a cool and dry place, protected from light, heat and humidity. Shelf life is one year from date of manufacture.

OTHER: Olifeel® Organic Oil is a certified Organic Extra Virgin Tuscan Olive Oil that has a high Polyphenol content (around 350 ppm). The Polyphenols contained in Olifeel® Organic Oil include: simple phenols, such as carotenes (tyrosol, hydroxyl-tyrosol) and other phenolic acids, namely derivatives of cinnamic, vanillic, caffeic and benzoic acids; secoiridoids (the aglycol of oleuropein and ligstroside); lignans and flavonoids. The unsaponifiable fraction of Olifeel® Organic Oil protects the material against oxidation and degradation. Olifeel® Organic Oil helps to restore the bactericide barrier of the epidermis, enhances skin moisturization, has lenitive and emollient properties and can be used for treatment of eczema and dermatitis. Olifeel® Organic Oil provides protection against UV B radiation between 220-300 nm. For hair care applications, Olifeel® Organic Oil acts as a moisturizer for dry, damaged hair and improves the strength and elasticity of the hair. Because of its high percentage of mono-unsaturated fatty acid triglycerides, Olifeel® Organic Oil can increase the cutaneous permeability, acting as a vehicle to deliver active ingredients to deep skin layers. Olifeel® Organic Oil is rich in both lipophilic and hydrophilic antioxidants such as: Oleuropein and Hydroxytyrosol.
